We are seeking aviation citizens, leaders, and consummate professionals who inspire the next generation of aviation professionals

Judges will focus on the following: **Activities** that go above and beyond normal job requirements; **Commitment** to continuing education; **Pro-Bono** service to the general aviation community. The highest scores will go to nominees who demonstrate exemplary performance, and specific contributions to aviation safety, education, and professionalism.

Note: While your résumé outlines your complete history, judges may only consider activities within the **last five years**. This award is not a lifetime achievement award; it is an **"Of the Year"** recognition.

How to present your contributions: Use the allotted space for each category, or provide a **"SEE ATTACHED LIST"** notation with additional pages; **Present** information in bullet-point format whenever possible—this helps judges quickly understand your contributions and will improve your score; **Include** supporting documentation for your most significant achievements (e.g., title pages of presentations, summaries of projects, logbook pages); **Whenever** possible, please type your submission—professional documentation reflects well on you.

We encourage you to give this your best effort. Thank you for your engagement, and best of luck in the competition!
